Quotes Before Work

Every request receives a written estimate before any work begins. No surprises, no scope creep. You approve the cost, we deliver the work.

Payment Terms

One-off tasks are invoiced upon completion. Monthly retainers are billed on the 1st of each month. Net 15 payment terms. Accepted: ACH, wire, credit card.

Turnaround Times

Standard requests: 3–5 business days. Retainer clients: 1–2 business days. Rush/same-day available at the premium rate. Large projects are scoped with custom timelines.

Revisions

Each deliverable includes one round of revisions at no additional cost. Additional revision rounds are billed at the standard hourly rate. Clear briefs minimize revisions.

Code Ownership

All new work becomes your property upon payment, consistent with the original platform delivery. You always own 100% of your codebase.

Cancellation

Monthly retainers can be cancelled with 30 days written notice. No long-term contracts, no cancellation fees. Work completed before cancellation is invoiced normally.
